Engineering & Constructions Pte Ltd

**“QUALITY IS  
BETTER  
THAN SPEED”**

**Project Constructions, Maintenance & Manpower Supply**

## History & Philosophy

MTRS Engineering& Constructions Pte Ltd started as engineering contractor in 2013. Over Ten years the group has undertaken challenging projects and accumulated skills, know-how and experiences in design and build solutions, project management services, and related engineering works.

Today, MTRS takes the role of good contractor for small to medium size projects and performs project management services to coordinates specialist trades for oil & gas / industrial projects. We also provide engineering solutions as value-add services to our clients.

Our objective is to provide our clients with an” I AM ASSURED” experience when we are chosen to

Our project Management and execution philosophy is:

- Create detailed schedule and plan to meet client’s project objective.
- Communicate clearly with all project’s key personnel.
- Track project progress and fine tune deviations.
- Complete and commission the project on time.

## Our Vision

To be a respectable contractor delivering beyond expectation, always.

## Our Mission

To procure projects at competitive pricing, provide safe working conditions and deliver quality work within reasonable time frame.

## Our Management teams.

The management team proactively gathers feedback, identifies changes in the business environment, reviews work process and communicates key learning points and company policy to all staff regular meetings.

## Our Services: -

- Turn around & Shutdown-maintenance works.
- Fabrication & Welding Works.
- Piping & Pipeline Installations.
- Structural Works.
- Electrical & Instrumentation Works.
- Plumbing, Drainage & Fire Sprinkler system works.
- Manpower Supply.

## Our Quality Policy

“Customer satisfaction” is our primary goal. Continuous improvement through active participation of all our employees is our motive to achieve leadership in quality delivery.

### Quality Objectives:

- To Increase customer satisfaction.
- Prompt response to any query.
- Effective utilization of resources.
- On time delivery.
- Ensure job satisfaction.

## Our HSE Policy

We at MTRS Engineering & Constructions Pte Ltd specialize in construction and engineering projects and are committed to exert all efforts to meet the HSE standards for our workers and customers.

### HSE Objectives:

- Abide by HSE laws of Ministry of Manpower, Singapore.
- Seek customer satisfaction by providing continually safe working practices through teamwork.
- Improve HSE performance continuously through training and following the best implemented rules in the industry.
- Ensure we are abiding by the best possible HSE rules and procedures.

## Principal Activities

- **Structure Steel Fabrication and erection**

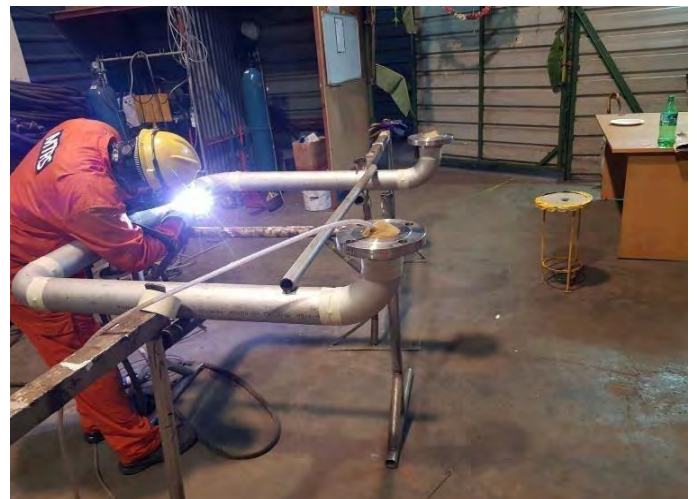

Steel fabrication and erecting steel structures are a lengthy process, and they require immense skills, knowledge, and practice. Our steel fabricators at MTRS use the best steel fabrication tools and equipment to ensure that the fabrication and erection processes of steel structures are done with accuracy and perfection.

**We are specialized in fabrication & erection Carbon steel, Stainless Steel, Inconel Hastelloy, Chrome, P11, P91, High pressure piping, Heating coils, Duplex & HDPE pipeline jobs with a team of highly skilled engineers and technician and we have successfully completed the task of laying above/underground piping & pipeline.**

### **Welding and fabrication**

Our extensive range of welding procedures and a sizable number of best available coded welders with PRIMOS qualification give us the capability to meet our client's requirements. Our fabrication services are imparted by professionals in line with the distinguished parameters of quality such that every need of a client is fulfilled.

The core group is ably assisted by experienced skilled and devoted technical manpower in various grades. The manpower and machine resources are abundant to take up any number of assignments/ projects at the same time. Quality of work and timely execution of the projects in the watch word of the company

- **Equipment Maintenance, Installation, Tower & Drum work.**

MTRS brings a depth of knowledge and experience to companies seeking efficient equipment installation, maintenance, & repair. Whether as part of a new construction project or as part of scheduled maintenance, we offer a high level of precision and efficiency. We're constantly expanding our number of global service centres to better serve the plant equipment maintenance needs of our customers. Also, we have done an enormous project involving tower & drum work.

We have been engrossed in delivering Manpower Supply Service. We provide Piping Supervisor, Site Supervisor, Line Checker, Mechanical Supervisor, QA&QC, Permit Applicant, Lifting Supervisor (LMS), Rigger & Signalman (Qualified in Exxon & Shell Bukom), Fire Watchman, Manhole Watchman, Pipe Fitter, Welders (PRIMOS Qualified), Mechanical Fitter, Forklift Operator, Storekeeper, General Worker & General Fitter. With our interpersonal skill, understanding clientele requisite, industry specific knowledge and other qualities we can offer best manpower.

**CITY ENERGY PTE LTD: Reformer Tube Replacement & Associated Piping @ Gas Plant:**

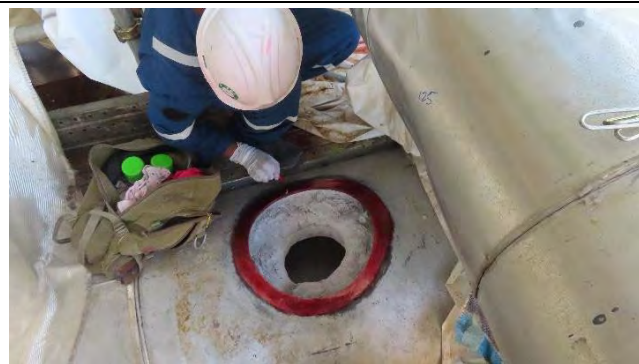

**MPCG#1, 26 Ave Senoko Gas Works**

Catalyst Material Screening

Storage of Catalyst material

NDT Works

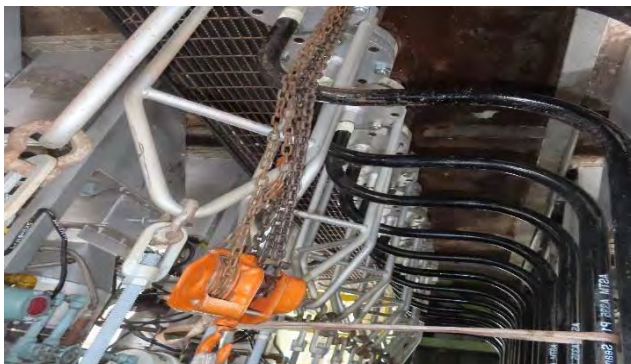

Demolition of Gas Chamber Manifolds

Removal Of Existing Reformer Tubes by Crane

Spring Hanger replacement

Installation Of new Gas manifold Tubes

Insulation Work

**CITY ENERGY PTE LTD: Reformer Tube Replacement & Associated Piping @ Gas Plant:**  
**MPCG#1, 26 Ave Senoko Gas Works**

Pneumatic Pressure Test

Welding Of Inconel Piping

Lifting & Removal of Existing Reformer Tubes

Lifting & Installation of New Reformer Tube

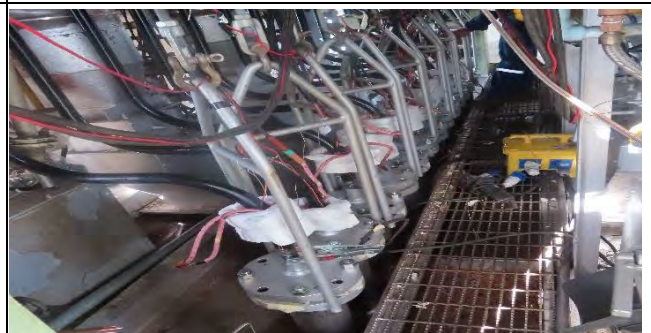

Radiography Testing

Gas Chamber Nozzle Installation

Painting Works

PWHT & PH works
